SUMMARY

Curious and detail-loving designer with a background in Communication Design, exploring the intersection of UX and narrative-thinking. I aspire to build a well-rounded UX practice— from research and conception to development fundamentals. Continually drawn to thoughtful, collaborative processes that lead to meaningful, human-centered experiences.

SKILLS	Design & Research	Tools & Software	Technical
	-Primary Research	-Adobe CC	-HTML/CSS
	-Affinity Mapping	-Figma, Miro	-JavaScript (beginner)
	-Information Architecture		-React (beginner)
	-Prototyping		

EXPERIENCE

UX Projects

UX Intern — Samsung Research Institute, Bangalore

Oct 2023 – Dec 2023

-Designed guidelines for personalization and concepts for AI personalization features.

UI Designer — Samsung PRISM Program

Jan 2024 – Jul 2024

-Designed motion-based interactions for One UI widgets informed by in-depth primary research.

Freelance & Collaborative Work

Illustrator/Graphic Designer — Luminous Lore, Godrej Conscious Collective - Peer Collaboration

Nov 2024

-Designed and hand-painted illustrations onto home-grown kombucha leather aligned with the project’s sustainability narrative.

Brand Designer — Studio Octogram

Nov 2024

-Conducted secondary research, SWOT Analysis, and designed a survey for a rebrand pitch for a popular energy drink.

Illustrator — Children’s Apparel Project via faculty collaboration

Apr 2022 – May 2022

-Designed playful, age-appropriate illustrations for screen printing on kids’ garments.
